# DIGITAL POLIO VACCINATION SYSTEM

## FEATURES : DIGITAL RECORD KEEPING, GPS TRACKING, HEATMAPS, QR CODES, CAMPAIGN PLANNER, SMART REPORTS, VOLUNTEERS REGISTERATION, MOBILE APP & WEB APP

## WEB APP + MOBILE APP

**Summary:**
The Digital Polio Vaccination System seeks to mitigate the mismanagement problem of the poliovirus dilemma of Pakistan moreover it seeks to eliminate outdated practices like wall chalking and paper-based record-keeping with more advanced practices like QR tags/stickers and digital record-keeping. The result will be a better overall system that can help us eradicate the poliovirus from Pakistan.
